

COMMERCIAL PRESSURE SWITCH-WEATHER PROOF

TGI43-2

APPLICATIONS

- Compressors
- Textile machines
- Chillers & Air dryers
- Fire fighting systems
- Water treatment plants
- Refrigeration applications

FEATURES

- Compact & Economical
- Field adjustable set point
- Scale provided
- Auto Reset
- Weather Proof -IP65

COMMERCIAL PRESSURE SWITCH -WEATHER PROOF, TGI43-2

DESCRIPTION

Specifications

Repeatability : $\pm 2\%$ F.S

Scale Accuracy : $\pm 3\%$ F.S

Measurement unit : bar / psi

Differential : Adjustable, external

Mounting : Bottom / Panel

Enclosure Material : Aluminium Weather proof,

Sensing Elements : Phosphor Bronze Bellow

Switch : 1 SPDT

Switch Rating : 15A,220 VAC / 10A,24 VDC

Process Connection : $\frac{1}{4}$ " BSP (F)

Maximum Process Temperature : 100 °C

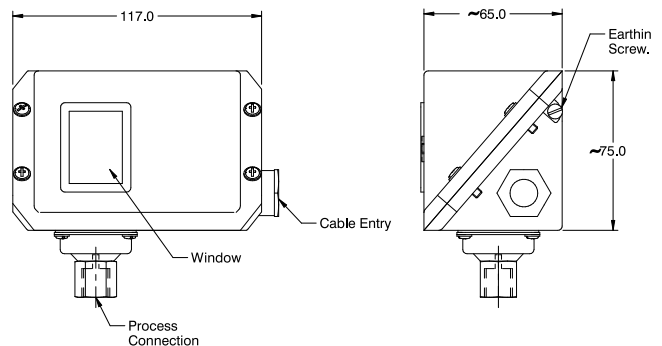

Ambient Temperature : -10...60 °C

Mounting Accessories : Mounting bracket with Screws

Set point : External, field adjustable
